**SPRING 2010**

## IN THIS ISSUE

- **Safety First**
- **Meet the Team**
- **Current Projects...**

## MEET THE TEAM AT PAPP IRON WORKS:

### Frank Stephan- Director of Operations

Frank's background in pre-law and steel construction and management as well as his previous ownership of a miscellaneous iron shop gives him a unique perspective on projects. Frank oversees the engineering, fabrication, field operations and the project management departments.

### Dennis Schnabel- Sr. Project Manager

Dennis' experience in the steel industry spans more than 30 years and includes work in the commercial construction industry. His strong ability to run efficient projects includes work on many of NJ's most notable high profile projects, including the New Meadowlands Stadium.

## PAPP IRON WORKS...Safety First

For Papp Iron Works, participating in the **OSHA Voluntary Protection Programs (VPP)** comes as second nature. That's because Papp Iron Works has worked on many OSHA Voluntary Protection Projects as part of the company's culture and commitment.

"Safety is and always has been our first priority", said Allan Papp, President and CEO of Papp Iron Works. "Our highly skilled and experienced staff include many who are Red Cross, CPR and First Aid certified and who also take regular training sessions to keep their skills current".

### Our Stellar Rating...

Papp Iron Works Workers Compensation Experience Modification Rating (.54 EMR) is the lowest of all its competitors!

## Papp Iron Works is PROUD of their Safety Record:

- Multiple safety award winner: Subcontractors Assoc. of NJ
- Multiple OSHA Voluntary Protection Projects company
- Winner of the Contractor Golden Trowel Award

### A legacy of trust

From the beginning, Papp Iron Works has always been the company that others turn to for miscellaneous metals projects large and small. Our legacy of trust is rooted in our consistent focus on quality and safety- that's why more contractors in the tri-state area turn to Papp Iron Works. Our highly motivated team of professionals are dedicated to every job, large or small. We sincerely believe...

**Commitment + Innovation + Performance = The Best Choice**

## Current Projects:

### A Productive Winter...

Papp Iron Works is working on NYC's tallest residential tower with **Kreisler Borg Florman (CM) & Forest City Ratner Cos.** (Developer). Designed by **Frank Gehry**, it soars 867 feet above Beekman St. in downtown Manhattan.
